

Workshop Supple List for Buzzing Geese Quilt

Saturday, September 21, 2024

This is the link to my pattern on Etsy: [Buzzing Geese](#).

The pattern is listed at \$12.00. I have created a coupon code for your guild - WHQG20. This will give them a 20% discount.

Please let me know if anyone has trouble purchasing and downloading the pattern. There are two pdf files - the pattern and another document that has notes and examples for fabric selection.

Precutting:

If you have decided what fabrics to use, you can precut all the fabrics. This will help you finish the quilt top faster. If you are undecided, just bring a few fat quarters. There will be time to cut and sew a few blocks in class while learning the flying geese technique. The workshop is focused on the technique of making precise and painless flying geese.

Material list in addition to the fabric listed in the pattern:

Sewing machine and accessories.

Machine sewing thread - your choice.

Rotary cutter, cutting mat.

Marking tool - your choice.

A rectangular ruler that is 6" x 12" or larger and has at least one 45 degree line.

Iron, ironing board (There may be a few shared irons.)
